

**Job Title: Chief Policy Officer**

**Location: Remote**

**Reports To: Noah Tyler**

**Position Status: Open**

### **Responsibilities**

#### **Research**

- Monitor and evaluate the impact of education policies and programs, and recommend adjustments as needed.
- Conduct thorough research and analysis of education policies, trends, and best practices to inform decision-making.
- Stay abreast of relevant legislative and regulatory developments at the state and national levels, and assess their implications for education/assessment policy.

#### **Internal**

- Collaborate with internal stakeholders to identify policy needs and priorities.
- Provide guidance and support to staff members and teams working on policy-related projects, including mentoring and professional development opportunities.
- Develop and implement strategic plans for education policy initiatives in alignment with organizational goals and priorities.

#### **External**

- Build and maintain relationships with external partners, such as government agencies, educational institutions, advocacy groups, and organizations supporting a classical renewal in education.
- Represent the organization in meetings, conferences, and public forums to advocate for effective education policies and initiatives.
- Lead the drafting and review of policy documents, reports, and legislative proposals, ensuring accuracy, clarity, and relevance.
- Serve as a thought leader and spokesperson on education policy issues, contributing to public discourse through writing, speaking engagements, and media interviews.
